

## Transition to a low-carbon economy and Green Jobs

International Human Capacity Development for Technical and Vocational Education and Training

### LEARNING OUTCOMES

On completion of Human Capacity Development (HCD) measure, participants will be able to:

- Understand Germany's energy and climate protection policy and its implementation from federal to local level
- Understand and assess the diversity of "renewable energies" as an economic sector
- Understand the relevance of the sector and its segments for the labour market
- Understand and assess approaches and instruments to integrate green skills in jobs and occupations

### CONTENTS

- Development / updating and implementation of national
- Energy and climate protection policies
- Renewable energies – a diverse economic sector
- Energy efficiency in industry, crafts and service sector
- Renewable energies and climate protection: creator of jobs and challenge for the technical vocational education and training (TVET) system
- Approaches and methods on developing "Green jobs" and related Curricula

### HCD FORMATS

Our measures are designed and realized according to project requirements through different HCD formats. All HCD formats are building blocks that can be adapted to the respective social and working environment, needs, objectives and participant groups of the project. They ensure the sustainability of our HCD activities by combining knowledge transfer, practical learning, acquisition of key competencies, network building and transfer coaching.

### TARGET GROUPS

- Managers and experts in Ministries of Education/Labour, authorities, energy suppliers, energy agencies and research institutes
- Decision maker from HRD departments of companies and from Training Centres

### ACCESS TO NETWORKS

- Green business networks and regional clusters working in the field of low carbon economy
- Visit and participation of roundtables of decision makers and fairs
- Education institutions and associations working in the field of green jobs development
- Alumni Associations of former programmes
