Sustainable finance of TVET is worldwide a crucial issue related to complex reasons, backgrounds, involved stakeholders, etc. Knowledge about existing financing schemes and models as well as competences of their appropriate application is therefore an important basis for evidence-based decisions for further developments of TVET systems.

Learning outcomes

On completion of the HCD program, participants will be able to:

- Know existing models and mechanisms for TVET financing
- Apply methods and techniques of financing models for TVET
- Optimise organizational and administrative processes
- Analyse and improve mechanism of financial controlling

contents

- Systematic analysis of costs and benefits of TVET
- Financial impact of co-financing of TVET
- Different practical approaches of financing TVET
- Financial Monitoring and Controlling of TVET Institutions
- Mechanism for strengthening financial efficiency for TVET institutions
- Efficient Budgeting
- Financial evaluation

HCD formats

Our measures are designed and realized according to project requirements through different HCD formats. All HCD formats are building blocks that can be adapted to the respective social and working environment, needs, objectives and participant groups of the project. They ensure the sustainability of our HCD activities by combining knowledge transfer, practical learning, acquisition of key competencies, network building and transfer coaching.
